My reason for running is the fact over my total disgust with the
level of administrative non-thrust in the cleanliness of our city . . .
the lack of garbage collection and other related services in this area
. . . the total lack of trust by myself and neighbors in the commu-
nity regarding any and everything including our basic rights are
concerned . . . the total threat of bodily harm to my wife and chil-
dren, due to inadequate lighting and police protection . . . the need
for just these basic things will describe me to you . . . I am the
ghetto man striving for a better life . . . **WON'T YOU HELP ME IN
MY STRUGGLE?**
